☒

If a general authorization to charge my Deposit Account No. 01-2717 for any fees required throughout the prosecution has not been filed in this case, this letter constitutes such a general authorization. All fee adjustments including refunds and debits should be made to that Deposit Account. Should the Patent Office be of the view that a greater fee is required than that calculated above to effect filing of this paper, the Patent Office is specifically authorized to debit said Deposit Account. Should the Patent Office view this response as not being timely filed without an extension (including the case where an extension petition is included in the fee calculation above but the period of such extension is not deemed sufficiently long to have this paper considered as being timely filed), this paper constitutes a petition for extension of time for the minimum period of time to effect timely filing, and the Commissioner is authorized to debit any necessary fee to said Deposit Account.

This letter is being sent in duplicate.
